

LORIS STAVRINIDES

AI is a
Creative
Multiplier
— not a
substitute
for judgment

LS

AI can increase speed.
It can expand
exploration.
It can reduce
production friction.

But it does not
replace judgment.

→

LS

Taste, direction,
and discernment
still matter.

AI can multiply the process.

It cannot own the standard of
what good should be.

That part is still on us.
